

## What LionWise Customers Say:

*"We are now able to gain better daily, and up to the minute visibility and tracking of our costs, our sales history, and inventory. All of which help us to maintain the best possible service and customer experience while increasing our profitability"*

John Tinios, Galley Hatch

*"Another great feature is the ability to run all of the reports out front in the main dining area instead of in the back office like many other systems require. This allows me to spend more time with customers and my staff, making sure everything is going smoothly."*

Lisa Spector, Popovers
